## Profile

---

I am a fresh graduate of Mechanical engineering from Tunku Abdul Rahman University of Management and Technology who is interested in software engineering, seeking a challenging position that allows me to leverage my technical skills and passion for coding to contribute to the development of innovative software solutions.

## Work Experience

---

### Internship on Kian Joo Can Factory Berhad

October 2021 - January 2022

- Assisting Technical Team in technical support, training, documentation, process and systems implementation and software and hardware maintenance
- Assisted the engineering team in identifying and implementing process improvements to enhance manufacturing efficiency
- Study mold design specification and modify mold design for automation line
- Assisted in the design and implementation of automation solutions to enhance manufacturing processes

## Education

---

### Bachelor's Degree in Engineering

May 2020 to June 2023

Tunku Abdul Rahman University of Management and Technology

Field Study: Mechanical Engineering

Grade: 3.5505 /4

### Diploma in Technology

May 2018 to March 2020

Tunku Abdul Rahman University College ( KL main campus)

Field Study: Mechanical Engineering

Grade: 3.6063 /4

## SKILLS

Solidworks

AutoCAD

ANSYS

C/C++

Python

PLC

SCADA

Matlab

5 Axis CNC Machining

JavaScript

## LANGUAGES

English.....3/5

Chinese.....4/5

Malay.....3/5
